

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to Consider Proposal by California Waste Removal Systems and Recommendation for Rates for Residential and Commercial Refuse Rate Collection and Disposal

MEETING DATE: March 15, 1995

PREPARED BY: Assistant City Manager

RECOMMENDED ACTION: The City Council approve the attached rates for refuse collection and disposal in the City of Lodi effective the first billing cycle in April.

BACKGROUND INFORMATION: The City of Lodi has received a proposal for refuse rates from California Waste Systems (CWRS) in accordance with the rate methodology approved by the City Council. This proposal calls for a net reduction in revenues to California Waste Removal System of approximately \$400,000. Basically, it calls for a \$1.00 per month reduction in all apartment units of four units or more, a 23.6% reduction in commercial service for one or two one cubic yard containers, a 5.4% reduction in one or two 90 gallon carts for commercial services and an 18.4% decrease in all other commercial service.

CWRS is able to do this for the following reasons:

1. They have refinanced their entire holdings at a more advantageous rate saving over \$100,000 per year
2. The Material Recovery Facility is becoming a regional facility and the fixed cost of operation is being spread over a larger amount of refuse thus reducing per unit charges.
3. A number of efficiencies have been realized through rerouting and better utilization of manpower which has resulted in projected savings of over \$150,000
4. The present rates include some make-up money from previous years operations
5. Recycling is working and the proportion of material going to the dump is less

APPROVED: _____

It is recommended that City Council adopt these rates by Urgency Ordinance No. 1605 and No. 1609, effective the first billing cycle in April, 1995.

FUNDING: None required.

LODI, REPEALING ORDINANCE 1590 IN ITS ENTIRETY, AND ESTABLISHING
NEW RATES FOR RESIDENTIAL SOLID WASTE COLLECTION.

=====

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LODI AS FOLLOWS:

SECTION 1. Ordinance 1590, adopted March 16, 1994, is repealed in its
entirety.

SECTION 2. Pursuant to Lodi Municipal Code Chapter 13.16 - SOLID WASTE
- as it relates to residential solid waste collection, New monthly
rates are hereby established, as more fully shown on attachment "A"
hereto which is incorporated by reference as if fully set forth herein.

A. For any residence requesting "backyard service" for the
collection of their waste cart(s), there shall be an additional rate of
Ten Dollars (\$10.00) per month, unless the residence is granted an
exemption from the rate by the Citizen's Advisory Board.

B. For any residence requesting a commingled recyclables cart(s)
and/or a yard/garden waste cart(s), sufficient to meet its waste
diversion needs, there shall be no additional charge.

C. Any residential customer may purchase from the City or the
franchisee for the price of Five Dollars (\$5.00) each, especially
marked tags for affixing to trash bags which will then be collected
with routine waste removal service. Such tags may be used to
supplement, but not in lieu of other required solid waste collection
services for residences.

D. Rates set forth in this Ordinance shall be effective on all bills which are prepared on or after April 1, 1995.

SECTION 3. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

SECTION 4. This is an urgency ordinance under Government Code Section 36934, and is based on health, safety and welfare considerations arising from the need to collect appropriate fees for waste removal.

SECTION 5. This urgency ordinance shall be published one time in the "Lodi News Sentinel", a daily newspaper of general circulation printed and published in the City of Lodi and shall be in force and take effect immediately.

SECTION 6. The City Council of the City of Lodi hereby finds and declares pursuant to Public Resources Code Section 21080 that such rates are necessary and reasonable for the usual operating expenses of the franchisee, including employee wages and benefits and for the purpose of purchasing facilities, equipment and materials necessary to implement and carry out a Council-mandated recycling program, and for other health and safety purposes.
